The Statistics Department at Stanford University invites applications for a tenured position at the Associate or Full Professor level in Applied Statistics, Theoretical Statistics, or Probability.

Candidates must hold a Ph.D. in Statistics or a related area, and be internationally recognized for distinguished contributions in their field. The successful candidate will be expected to maintain a robust research program building on existing strengths and new collaborations, and to mentor junior researchers and students effectively. Candidate will be expected to teach both undergraduate and graduate courses.

Applicants should submit a letter of application, curriculum vita, a statement of research and teaching interests, and not more than one preprint/reprint. Applications should be submitted online at https://academicjobsonline.org/ajo/jobs/11505. Questions may be submitted to search@stat.stanford.edu.

Evaluation of applicants will begin November 16, 2018. Applications must be received by December 11, 2018 to be guaranteed consideration.

The Stanford Statistics department currently has 22 regular faculty members, as well as a distinguished group of emeriti. Many professors have joint appointments in other departments, including positions in mathematics, economics, the School of Medicine, the School of Engineering, and the School of Education. The varied research in the department integrates core statistical theory, mathematics, computing, algorithms, and applications to many scientific disciplines. More information on the department can be found on its website: https://statistics.stanford.edu.
