Szegö Assistant Professor

Submitted by Connor W Crutcher on Fri, 08/16/2019 - 09:57

The Department of Mathematics at Stanford University is seeking applicants for one or more Szegö Assistant Professor appointments. These appointments are for a term of three years, beginning in September 2020. Areas of interest include, but are not limited to, analysis, algebra, number theory, geometry, topology, probability, combinatorics, and applied mathematics.

Candidates are expected to show outstanding promise in research, as well as strong interest and ability in teaching, and will be expected to teach courses at both the graduate and undergraduate levels. They must have received the PhD prior to the start of the appointment, but not before 2018.

Applicants should submit a curriculum vitae and list of publications; brief statement of research and teaching as well as supporting information of teaching experience and ability, preferably a teaching letter; and arrange for three letters of recommendation to be submitted. Applications and letters should be submitted online at www.mathjobs.org.

For full consideration, applications must be completed no later than 9:00pm PST, December 1, 2019.
